Headteacher: Mr R Watson

Headteacher's Comment:

Dear Parents/Carers

It is at this time of year that we announce our young leaders for the coming year. It was great to see such a large number of children apply, all eager to make a positive impact throughout the school. This is their school, and as such, it is important for them to have a voice in what happens at Hogarth.

I believe that leadership roles in primary school are important for children's development because they help build confidence, responsibility, and communication skills at an early age. When students take on roles such as class ambassadors, prefects, or School Council, they learn how to work with others, make decisions, and solve problems. These experiences encourage independence, resilience, and empathy, while also fostering a sense of belonging and contribution to the school community. Ultimately, early leadership opportunities prepare children with essential life skills that support both their academic growth and personal development.

Whilst we understand that some children may feel disappointed due to the limited number of roles available, we will endeavour to create other opportunities for them to contribute and make a difference across the school in meaningful ways.
