Headteacher: Mr R Watson

Headteacher's Comment:

Tuesday, 6th February 2024, was #SaferInternetDay, and we were excited to dive into this year's theme: 'Inspiring change? Making a difference, managing influence and navigating change online'.

Our fantastic KS2 students engaged in live lessons exploring the fascinating world of Artificial Intelligence (AI). They delved into topics like how AI impacts their daily lives, its future developments, and potential careers involving this exciting technology.

Our Reception children also got in on the action by exploring what the word "change" means to them and honing their keen eye to spot changes in their surroundings. Year 1 and 2 children did a brilliant job discussing how technology and the internet can affect people's emotions and how to respond to online safety concerns. Our KS2 children also examined the evolution of technology over time and had thought-provoking discussions about Artificial Intelligence. What is AI? How can it shape our futures? And that's not all! Every Hogarth student has been actively participating in creating their own Safer Internet Day signposts and filling them with inspiring pledges for positive change online. Additionally, we've launched an exciting Computer Background Competition where students can showcase their artwork that celebrates the importance of staying safe online.

Let's make this Safer Internet Day one to remember by spreading awareness and inspiring positive change together! Don't forget to discuss with your child how they can navigate the online world safely. To help you with this, for the UK Safer Internet Centre have created some free activities and information for parents and carers which are available at: [Parents and carers - UK Safer Internet Centre](#). Whether you have 5 minutes to start a conversation or hours to spare, there are top tips, quizzes and films which you can use at home with your child.

Every Wednesday, we'll be sharing helpful tips on our Twitter (X) page to keep your child safe online. Stay tuned for some essential advice.

If you have any concerns or questions about keeping your child safe online, please do get in touch. Remember, together we can make the internet a safer place for everyone!
